

An Evening With the MOFGA Delegation to El Salvador

Touring an Organic Coffee Farm

Eight Mainers spent part of February in El Salvador as a delegation from the Maine Organic Farmers and Gardeners Association. They will share their thoughts about that experience in a public program. The focus was on the area's efforts in sustainable agriculture and other economic enterprises as Salvadorans continue their recovery from a long and brutal civil war. It was a moving and joyous journey. Everyone is welcome to attend the program, especially those who may be thinking about joining a similar delegation in the future.

Wednesday, July 28, 7 PM
