Israel's recent election resulted in victory for Israeli Prime Minister Benjamin Netanyahu, who campaigned on a platform renouncing his support for Palestinian statehood. Is the two-state resolution dead? Will Netanyahu's victory change the face of US-Israeli relations? Will the Palestinian Authority collapse as Israel continues to withhold tax revenues? Will the Palestinians look to prosecute Israel in the International Criminal Court? And what is our role in helping to bring about peace?

Josh Ruebner, nationally-renowned speaker and author of *Shattered Hopes: Obama's Failure to Broker Israeli-Palestinian Peace*, will address these issues and more. Copies of the book will be available for signing.

Praise for *Shattered Hopes*:

"The authoritative autopsy of the US-led peace process...absolutely devastating." –Max Blumenthal, author, *Goliath: Life and Loathing in Greater Israel*

"Accessing and engaging. It's a biting critique." –Foreign Policy in Focus

"This is an essential contribution to the subject." –Nadia Hijab, Al-Shabaka: The Palestinian Policy Network
