NEWS FOR IMMEDIATE RELEASE:

The School Union #93 Joint Committee voted unanimously to support the proposed citizen initiative organized by Skip Greenlaw to Repeal the School District Consolidation Laws at their meeting held Tuesday evening November 27, 2007 at the Brooksville Elementary School. The matter was added to their agenda following the public comment and question period during which Brooksville resident Ralph Chapman inquired how they felt about the Regional School Unit formation process and encouraged their making a public statement. Mr. Chapman said, in part, that the public who had elected the Committee members would be served by the Committee displaying leadership on this issue.
