"An Act To Encourage Parental Involvement in Education"

Sponsored by Senator Justin Alford

SUMMARY

This bill requires school administrative units and public charter schools, in consultation with parents, teachers and administrators, to develop a parental involvement plan that promotes student achievement. Each school board and governing board is required to annually approve a parental involvement plan for the school administrative unit and the public charter school and to submit the plan to the Commissioner of Education. The bill also requires the Commissioner of Education to post on the Department of Education's publicly accessible website the names of all schools and public charter schools that do not develop a parental involvement plan.
